R&R Realty Group Celebrates 20 Years in Business

West Des Moines, Iowa (September 8, 2005) -- R&R Realty Group (R&R), one of Des Moines' largest commercial real estate companies, celebrates 20 years in business this year. R&R hosted a 20-year anniversary party for its employees and their families in August at the Hy-Vee convention center in West Des Moines, Iowa. The families were treated to a dinner and were entertained by world reknown magician Shimshi.

Twenty years ago, Dan Rupprecht and his wife Phyllis started the family-owned real estate company. Since 1985, the company has grown significantly and has evolved by expanding their real estate portfolio and services to better serve their customers.

The growth of R&R includes seven subsidiaries: Construction Services, Inc.; Development Services, Corp.; Management Professionals, Inc.; R&R Equity Partners; Realty Capital Corp.; Realty Marketing Group and Realty Technology Services. These companies have the experience to assist any company's real estate needs.

Specializing in real estate in the Greater Des Moines area has been particularly satisfying to a company whose family and employees have been embedded in the community for numerous years. “Our family grew up in Des Moines and we are very proud to be a part of the growth that our metropolitan area has experienced,” says Mark Rupprecht President of Realty Marketing Group.

Today, R&R has developed and manages more than 5 million square feet of real estate in the Greater Des Moines area. The portfolio includes office buildings, business parks, retail, multi-family units, warehouses and land. Some of R&R’s signature projects include: Aurora Business Park, Interstate Acres, Meredith Business Park, and Paragon Office Park in Urbandale; Country Club Office Plaza, Century III, Three Fountains Office Park, and The Shoppes at Three Fountains in West Des Moines; Terrace Place and Terrace Center in Des Moines and Winwood Apartments in Johnston.

“Real estate is very much a people business,” says Dan Rupprecht, President and founder of R&R Realty Group. “We want to thank our customers for the success we have achieved. Our employees are committed to meeting their expectations.”
